Section 1 – Introduction

This directory provides a list of BlueJourney Alliance Assisted Care (HMO I-SNP) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. If you need assistance in locating a PCP near you, please call Member Services at the number listed on the back cover of this directory.

Generally, you must get your health care services from your PCP.

You will get your routine or basic care from your PCP. Your primary care provider is the doctor or other provider who you see first for most health problems. He or she makes sure you receive the care you need to be healthy. He or she also may talk with other doctors and healthcare providers about your care and refer you to them. In many Medicare health plans, you must see your primary care provider before you see any other healthcare provider.

A PCP will provide and coordinate the majority of your healthcare services. PCPs meet state requirements and are trained to give you basic medical care. Three types of PCPs are listed:

- General/Family Practice – these PCPs usually accept patients of all ages.
- Internal Medicine – these PCPs usually limit their practices to patients over the age of 14.
- Geriatrics – these PCPs usually limit their practices to older adults.

Selection of a given provider as your PCP may result in access to a limited sub-network based on the PCP's employment or other affiliation arrangement. This means the specialists you can use may depend on which person you chose to be your PCP. If there are specific specialists who you want to use, find out whether your PCP refers patients to those specialists. If there are specific hospitals you wish to use, find out whether your PCP uses these hospitals.

Your PCP can help you arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, hospital admissions, and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatment. In some cases, your PCP will need to get preauthorization (prior approval). Since your PCP will provide and coordinate your healthcare, you should have all of your past medical records sent to your PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

Member Services will help make sure you can continue with the specialty care and other services you have been receiving if you change to a new PCP. They will also check that the PCP you wish to change to is accepting new patients.

In an emergency, you can get care immediately, you do not have to contact your PCP or get preauthorization. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center.

The network providers listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory.

You will notice some providers have a notation that states they are open to existing patients only or closed to all new members. In most cases, if this message is not listed, the practice is open to all patients. We recommend you contact the provider practice directly as the status may change prior to our records being updated.

Some services must be preauthorized. Network providers are responsible for knowing which services require preauthorization and for obtaining preauthorization from BlueJourney Alliance Assisted Care (HMO I-SNP) or its designated representative before providing the service.

If you use out-of-network providers, the care or services will not be covered unless the out-of-network services are for emergency ambulance services, emergency care (including maintenance and hospital care after you are stable, known as post-stabilization), urgently needed care, renal dialysis (kidney) care that has been approved in advance by BlueJourney Alliance Assisted Care (HMO I-SNP), and any services that were deemed to be covered through an appeal process. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers, neither Medicare nor BlueJourney Alliance Assisted Care (HMO I-SNP) will be responsible for the costs.

If you receive a bill from an out-of-network provider for covered services provided to you, **don't pay the bill**. Please submit the bill to Capital BlueCross at the address below. We will process the bill, according to your Evidence of Coverage, and let you know what, if anything, you must pay.

Capital BlueCross
PO Box 211457
Eagan, MN 55121

If you have a medical emergency, get help as quickly as possible, regardless of whether or not the facility is in-network. Call 911 for help or go to the nearest emergency room or hospital. Call or an ambulance if you need it. You *do not* need to get approval from your PCP. As soon as possible, make sure our plan has been told about your emergency. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours, at the number listed on the back cover of this directory.

“Urgently needed services” are non-emergency, unforeseen medical illnesses, injuries, or conditions that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor BlueJourney Alliance Assisted Care (HMO I-SNP) will be responsible for the costs.

What is the service area for BlueJourney Alliance Assisted Care (HMO I-SNP)?

BlueJourney Alliance Assisted Care (HMO I-SNP) is offered by Keystone Health Plan® Central, a Medicare Advantage organization with a Medicare contract. Enrollment in BlueJourney Alliance Assisted Care (HMO I-SNP) depends on contract renewal. This plan is available to people meeting certain eligibility requirements, including residing in specific counties or having had or are expected to need, for 90 days or longer, the level of services provided in a long-term (LTC) skilled nursing facility (SNF), a LTC nursing facility (NF), an intermediate care facility for individuals with intellectual disabilities (ICF/IDD), or an inpatient psychiatric facility. Capital BlueCross and its subsidiaries Capital Advantage® Insurance Company, Capital Advantage® Assurance Company and Keystone Health Plan Central are independent licensees of the BlueCross BlueShield Association. Communications are issued by Capital BlueCross in its capacity as administrator of programs and provider relations for all companies.
